Rules (the details)

- T-Mobile to provide high speed wireless data, and customer will receive rebate check from MWCC to offset the cost of wireless plan/services. This applies to each location that an order is placed for DIA (500MBPS or higher) with a 2 or 3 year commitment. Rebate amount will be determined by customer's agreement.
- After successful installation, MWCC will send a check to the customer directly for the total agreed upon rebate amount. The customer (through MWCC) will setup their own T-Mobile wireless account to be paid directly to T-Mobile.
- Professional installation involves the procurement, confirmed delivery, and activation of mobile data device and service.
